WE ARE PASSIONATE ABOUT SWISS WOOD

DE Wir sind stolz darauf, unser Schweizer Holz ausschliesslich aus nachhaltiger Forstwirtschaft zu beziehen und es in ressourcenschonenden Herstellungsprozessen zu Qualitätsprodukten zu verarbeiten – und dies komplett CO₂-neutral, weil wir für eine konsequente Kaskadennutzung des Rohstoffes Holz stehen.

EN We are proud to source our Swiss wood exclusively from sustainable forests and to process it into quality products using resource-conserving manufacturing processes. What's more, we operate on an entirely carbon-neutral basis, since we are consistently committed to the cascading use of wood as a raw material.

FR Nous sommes fiers de n'acheter que du bois suisse issu d'une gestion durable des forêts et de le transformer en produits de qualité suivant des procédés écologiques et de manière totalement neutre en termes de CO₂, car nous soutenons une utilisation en cascade constante du bois comme matière première.

IT Siamo fieri di utilizzare esclusivamente il nostro legno svizzero proveniente da silvicoltura sostenibile e di trasformarlo in prodotti di qualità con processi produttivi rispettosi delle risorse e a zero emissioni di CO₂, perché puntiamo a un impiego a cascata costante del legno come materia prima.

ES Nos enorgullece obtener nuestra madera suiza solo con silvicoltura sostenible y convertirla en productos de calidad con métodos productivos usando los recursos de manera eficiente, todo de forma neutra en emisiones de CO₂, porque nos comprometemos con un uso en cascada consecuente de la madera como materia prima.

PT Orgulhamo-nos de obter a nossa madeira suíça apenas de florestas sustentáveis e de a transformar em produtos de qualidade, com processos que poupam recursos, bem como de fazer tudo isto de forma neutra em termos de CO₂, pois estamos empenhados na reutilização sucessiva da madeira como matéria-prima.
